The Gate 2007-2008

Letter from the Editor

It is surprising what life can throw at you in just a few years. With the anticipation of the new Physician Assistants program, the addition of a new electronic billboard at the entrance of our campus, and the expansion of the campus lake facilities, Wingate surely has changed in one year. No matter what life throws at you, whether it is another year of tuition, new friends or even graduation, we all have many years ahead of us to look forward to. Hopefully we will all be able to look back at these times with great fondness. I know I will!

Letter from the President

When you are up to your neck in academic work, participating in campus activities, and trying to manage your personal life, your university years seem to go by in a flash. In the future you will turn often to your copy of *The Gate* to enjoy memories of your Wingate University experience. I hope it will become a permanent reminder of a happy time in your life.

Jerry E. McGee
President
